

This material is part of a collection that documents the harassment, discrimination, and retaliation perpetrated against Alaska's women research scientists by their supervisor, with full knowledge (and arguably, "tacit approval") of their federal employer, the USDA Agricultural Research Service (ARS)

"Delay" is a major tool used by the USDA.

By law, the informal EEO process must be completed within 30 days. An extension (such as this one) allows U.S. laws to be bypassed (which favors Agency perpetrators by allowing their illegal discrimination to continue unabated).
